

# TV LIFT FOR CEILING / INTERIOR USE

Credit: DR

*This pivoting motorized TV mount system hides a TV in a ceiling when not in use. A manually adjustable vertical-axis swivel option can be chosen if desired. This system is designed for an interior installation.*

## ► GENERAL DESCRIPTION

- ✓ Source voltage: 24V DC as standard.
- ✓ Radio remote possible.
- ✓ Smooth movement with progressive acceleration and deceleration.
- ✓ Standard colors listed in the table, other colors are available upon request.
- ✓ System equipped with a protection that stops the movement when unexpected forces interact (obstacle, ...).

### 100° tilt version

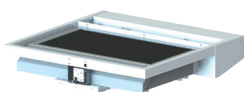

- ✓ Possible opening beyond 90° (adjustable from 90° to 100°).

### Screen face down in closed position

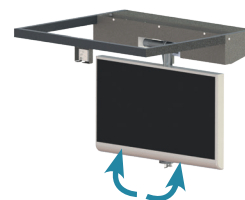

- ✓ In closed position the screen is visible face down, aligned with the ceiling.
- ✓ Allows larger screen sizes than the system.

### Screen face up in closed position

- ✓ In closed position the screen is invisible, hidden by the covering (this is also the case for the other standards of range, unless mentioned).

### Left/Right swivel version

- ✓ Left/right orientation possible  $\pm 90^\circ$ .
- ✓ System equipped with a protection that prevents closing if the TV is not in neutral position (0°).

### Manual swiveling

- ✓ 5 positions lockable by a latch (0° ;  $\pm 45^\circ$  ;  $\pm 90^\circ$ ).

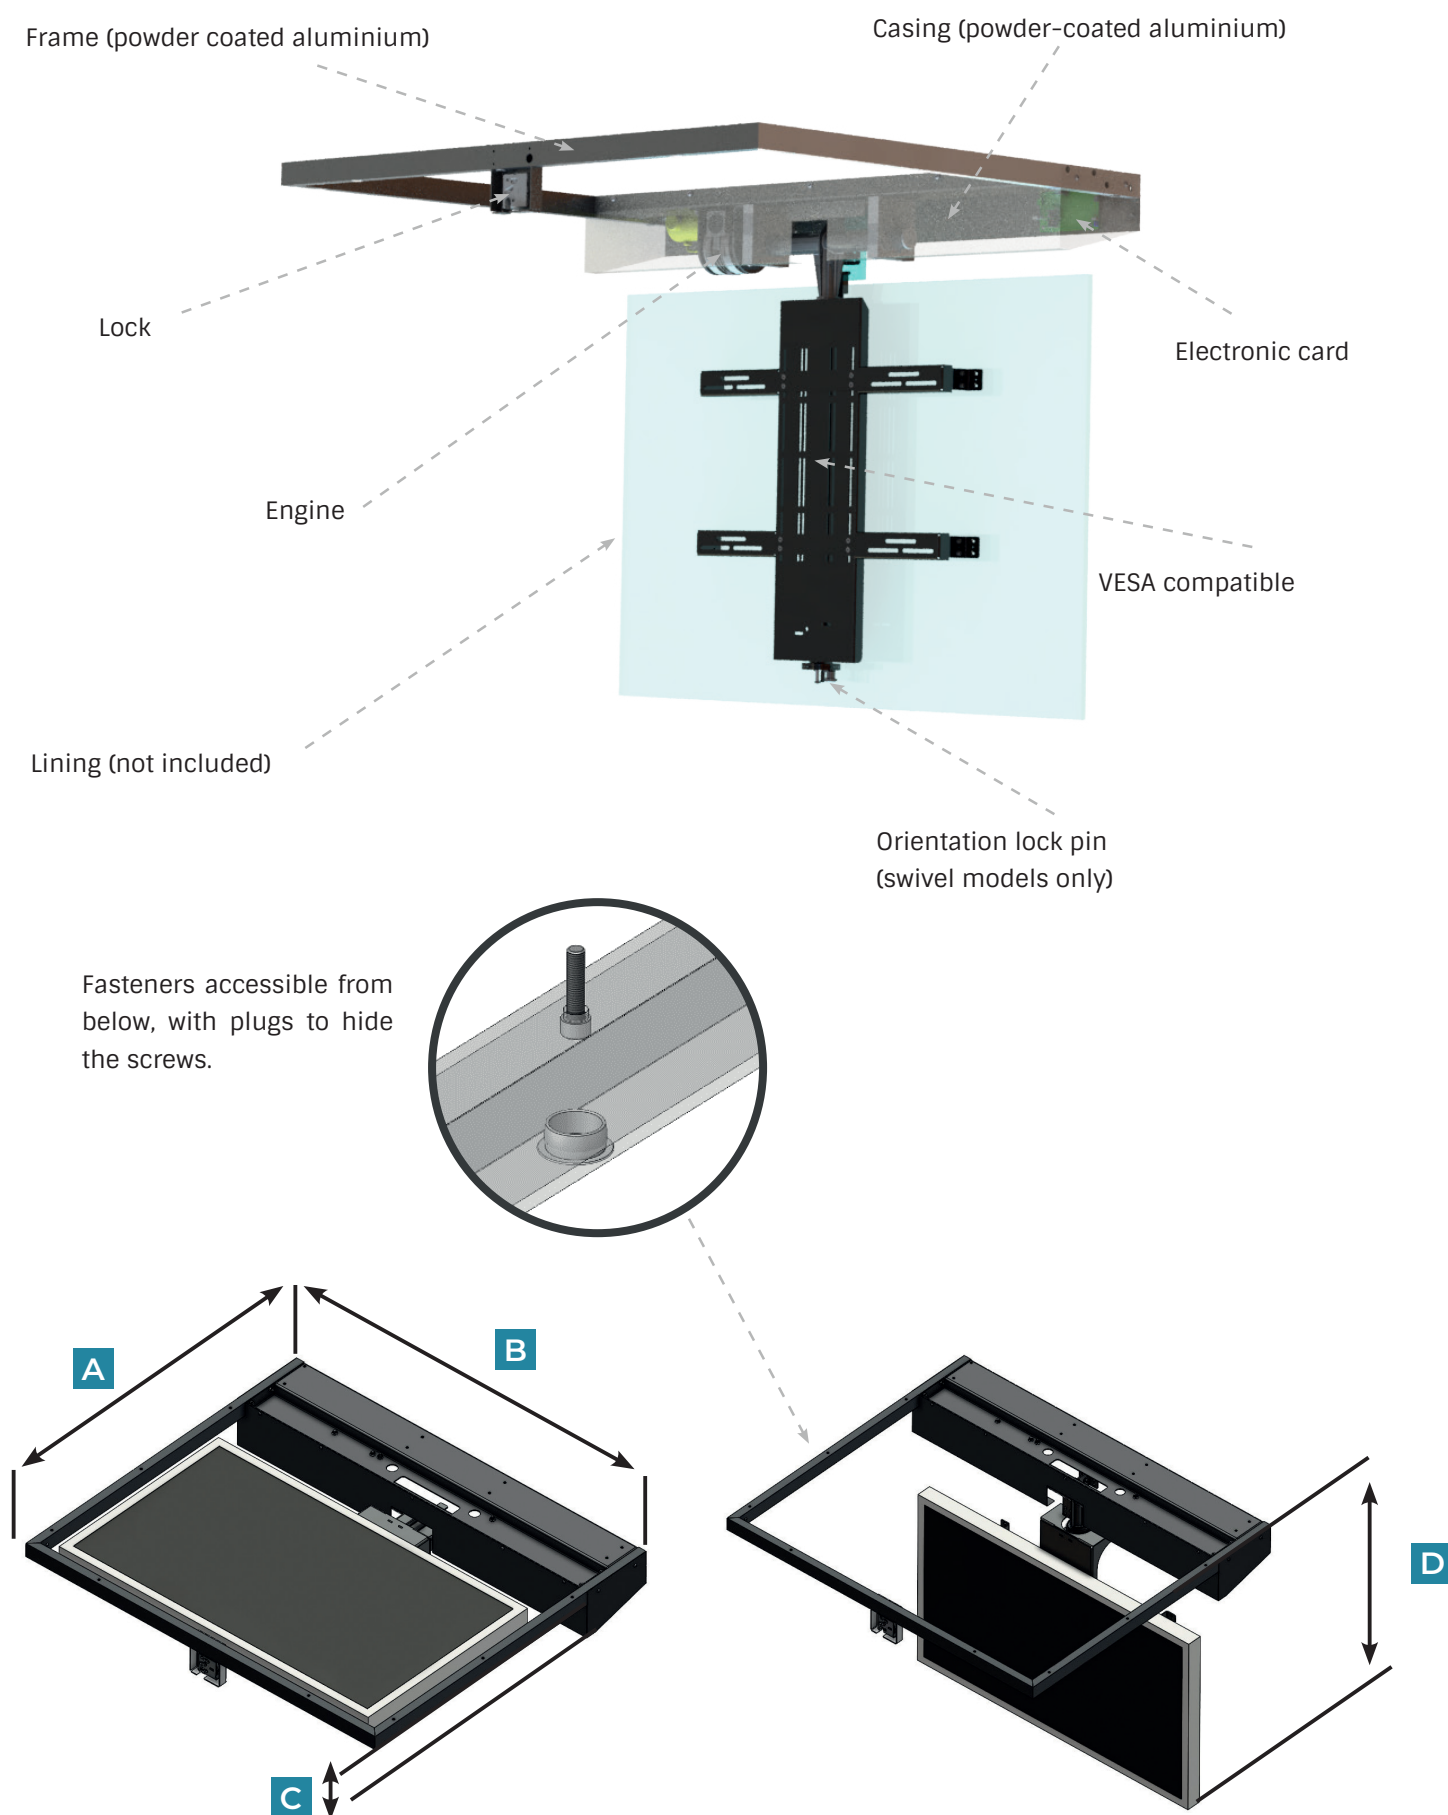

### Motorized swiveling

- ✓ Orientation can be controlled with the remote control.
